3.1 License to Use.

Subject to the terms and conditions of this Agreement, IDZOR TECHNOLOGIES grants the Licensee and its Affiliates a revocable, non-transferable, non-exclusive license to use the Software solely for evaluation and review purposes, and not for any production purposes. The Software is licensed by IDZOR TECHNOLOGIES to the Licensee in accordance with the terms of this Agreement.

(v) be responsible for the security and privacy of any Software passwords, settings, and user data.
Please note that some features of the Software may not be available in all languages or regions, some features may vary by region, and some may be restricted or unavailable from the Licensee's service provider. A Wi-Fi or cellular data connection may be required for certain Software features. The Licensee acknowledges that many features, built-in applications, and services of the Software may transmit data, which could affect charges to the Licensee's data plan, and the Licensee is responsible for any such charges.

4. ACTIVATION
Activation associates the use of the Software with a specific installation of the Licensee. During the activation process, the Software will transmit certain information about itself and the installation to IDZOR TECHNOLOGIES and/or its suppliers. The information transmitted is specific to the Software and includes details such as the product version, registration code, installation ID, and the number of Devices registered in the system. BY USING THE SOFTWARE, YOU CONSENT TO THE TRANSMISSION OF THIS INFORMATION. In addition to the initial activation, the Software will periodically and autonomously send the same information to verify the current activation status of the Software. This allows IDZOR TECHNOLOGIES to automatically reflect changes in the Software license for the installation.

5. THIRD PARTY SOFTWARE
Unless otherwise specified, third-party software is included with the Software but is not required for the core functionality of the Software. Except as explicitly stated in this Agreement, any third-party software is provided "AS IS" or "AS AVAILABLE," with no warranties of any kind. Any sublicense for third-party software will terminate upon the termination of this Agreement, when the Licensee terminates the use of the Software, or when the Software is no longer in use by the Licensee. The Licensee shall not decompile, reverse engineer, adapt, translate, disassemble, modify, or create derivative works from any third-party software. Such third-party software shall be subject to the same restrictions as those outlined for the Software within this Agreement.

6. LOCATION-BASED SERVICES
The Software's location-based services ("LBS") may be used with Devices equipped with

a GPS receiver or devices utilizing cellular-based location capabilities. The LBS feature is powered by Google. The Terms of Use and Privacy Policy for Google can be accessed at:

- https://policies.google.com/terms
- https://www.google.com/help/terms_maps/
- https://policies.google.com/privacy

In order to access this third-party service, the product registration code is transmitted from the Software to the IDZOR TECHNOLOGIES and/or its suppliers' LBS Server, which then requests a non-identifiable token from Google on behalf of the end user.

7. RESTRICTIONS

Except as expressly permitted under this Agreement or by applicable law, the Licensee shall not, directly or indirectly:

a) transfer, assign, or permit access to the Software to any third party;

e) apply any procedure or process to the Software to determine, derive, or appropriate, for any purpose, the source code, source listings, algorithms, processes, procedures, or trade secrets contained in the Software;

f) use the Software to store or transmit infringing, defamatory, unlawful, or otherwise tortious material, or to store or transmit material in violation of third-party privacy or data protection rights;

g) interfere with or disrupt the integrity, security, or performance of the Software or any third-party data contained therein;

Any violation of this Section shall result in the automatic termination of the Licensee's rights under this Agreement. Such termination shall be in addition to, and not in lieu of, any civil, criminal, or equitable remedies available to IDZOR TECHNOLOGIES and/or its suppliers under applicable law.

Malware and Security

The Licensee represents, warrants, and covenants that it shall not cause, nor knowingly

permit, any malicious or harmful software to be stored on, transmitted through, or used in connection with the Software. - compromise the operation, performance, security, or availability of the Software;

Upon downloading and installing the Software, the Licensee agrees to the collection of diagnostic and usage data. The Licensee agrees that IDZOR TECHNOLOGIES, its subsidiaries, and agents may collect, maintain, process, and use diagnostic, technical, usage, and related information in the form of metadata, including but not limited to technical information about the Licensee's Device, system and application software, and peripherals. This data may be gathered periodically to facilitate the provision of Software updates, product support, and other services to the Licensee (if applicable), and to verify compliance with the terms of this Agreement. IDZOR TECHNOLOGIES may use this information, as long as it is in a form that does not personally identify the Licensee, to improve IDZOR TECHNOLOGIES's products and services. To support the improvement of partner and third-party software, hardware, and services designed for use with IDZOR TECHNOLOGIES products, IDZOR TECHNOLOGIES may share a subset of diagnostic information with such partners or providers, as long as the data does not personally identify the Licensee. The Licensee may opt out of the collection of diagnostic and usage data by permanently deleting the Software and any backup or archival copies from their Devices and systems.

9.2 Location Data.

IDZOR TECHNOLOGIES, its partners, and licensees may provide certain services through the Licensee's Device that rely on location information. Where available and if the Device is GPS-capable, IDZOR TECHNOLOGIES and its partners or licensees may transmit, collect, maintain, process, and use the Licensee's location data, including real-time geographic location and location search queries. The location data and queries collected by IDZOR TECHNOLOGIES will be in a form that does not personally identify the Licensee and may be used to improve location-based services. By using location-based services, the Licensee consents to the transmission, collection, maintenance, processing, and use

of location data by IDZOR TECHNOLOGIES, its partners, and licensees for these purposes. The Licensee may withdraw this consent at any time by disabling the location-based features on their Device. Disabling location services will not affect the functionality of non-location-based features. When using third-party applications or services that rely on location data, the Licensee should review the relevant third party's terms of service and privacy policies related to location data.

9.3 Protection of Licensee Data.

Without limiting the above, IDZOR TECHNOLOGIES shall implement appropriate administrative, physical, and technical safeguards to protect the security, confidentiality, and integrity of the Licensee's data. IDZOR TECHNOLOGIES shall not:

(a) modify the Licensee's data; or

(b) access the Licensee's data, except as necessary to provide the Software and related services, address service or technical issues, or upon the Licensee's request for support purposes.

9.4 Privacy Notice.

The Licensee's information, including any personal data provided to IDZOR TECHNOLOGIES, will be treated in accordance with IDZOR TECHNOLOGIES's Privacy Notice, which can be accessed at: https://shadowalk.net/about/legal/policies/privacy-Policy/

10.2 Protection of IDZOR TECHNOLOGIES Confidential Information.

The Licensee shall implement and maintain appropriate security measures, policies, and procedures reasonably designed to ensure the security and integrity of the Software and

IDZOR TECHNOLOGIES's Confidential Information; to protect against anticipated threats or hazards to the security or integrity of such information; and to prevent unauthorized access to or use of the Software and Confidential Information. Upon reasonable notice and during normal business hours, Licensee shall permit IDZOR TECHNOLOGIES to audit Licensee's compliance with this section and, upon request, provide IDZOR TECHNOLOGIES with copies of audits and system test results relating to systems used to store the Software and Confidential Information.

10.3 Protection of Licensee Confidential Information.

IDZOR TECHNOLOGIES shall use at least the same degree of care it uses to protect its own Confidential Information, but no less than reasonable care, to avoid disclosure or use of any Licensee Confidential Information for any purpose outside the scope of this Agreement. IDZOR TECHNOLOGIES shall restrict access to Licensee Confidential Information to those employees, contractors, and agents who require such access for purposes consistent with this Agreement and who are bound by confidentiality obligations that are at least as protective as those set forth herein.

10.4 Protection of Licensee Data

Without limiting the above, IDZOR TECHNOLOGIES shall maintain appropriate administrative, physical, and technical safeguards to protect the security, confidentiality, and integrity of Licensee Data. Specifically, IDZOR TECHNOLOGIES shall:

a) Promptly notify Licensee upon discovering any potential, actual, or suspected misappropriation, unauthorized access, disclosure, or use of Licensee Data, or any other compromise to the security, confidentiality, or integrity of Licensee Data (collectively, "Security Breaches"). IDZOR TECHNOLOGIES will promptly investigate any potential, actual, or suspected Security Breach and assist Licensee with any investigation Licensee may reasonably request regarding such a breach. IDZOR TECHNOLOGIES will take all commercially reasonable steps, as requested by Licensee, to mitigate, halt, or remedy any potential, actual, or suspected Security Breach.

b) Limit access to Licensee Data solely to its personnel who require such access to perform the services under this Agreement. IDZOR TECHNOLOGIES will not sell, disclose, release, or otherwise make available Licensee Data to any other party except as necessary for the performance of the Agreement. Access to Licensee Data will be restricted to the specific information necessary for personnel to perform the services outlined in this Agreement. IDZOR TECHNOLOGIES will inform its personnel with access to Licensee Data of the confidentiality obligations under this Agreement and ensure that such personnel comply with these obligations.

IDZOR TECHNOLOGIES will not be in violation of this obligation when Licensee Data is disclosed in compliance with a legal requirement, such as a court order, valid subpoena, or similar legal process. In such cases, IDZOR TECHNOLOGIES will: (i) provide prompt written notice to Licensee of the legal request or requirement, with sufficient details regarding the request and the Licensee Data to allow Licensee to seek a protective order or remedy, and (ii) reasonably cooperate with Licensee's efforts to seek such protective order or remedy.

c) Use Licensee Data solely for the specific purpose for which it was provided or as otherwise authorized in writing by Licensee. IDZOR TECHNOLOGIES shall only reproduce Licensee Data to the extent necessary for these purposes.
d) Upon the completion of the services under this Agreement, or at any time upon Licensee's written request, IDZOR TECHNOLOGIES shall either (i) destroy all Licensee Data in a manner that prevents its recovery or restoration, or (ii) return Licensee Data in a secure manner to Licensee without retaining any copies of such data, all at no charge to Licensee.
e) Provide Licensee with information reasonably requested by Licensee regarding IDZOR TECHNOLOGIES's compliance with its obligations under this Agreement, including, if available and not protected by attorney-client privilege or work-product doctrine, the results of any audits or tests conducted on IDZOR TECHNOLOGIES's information security program or its components.
f) Cooperate with Licensee and take reasonable actions to enable Licensee to comply with applicable data protection and privacy laws, including applicable laws in the EU, as they pertain to Licensee Data.
Without limiting any other remedies available to Licensee, if (i) a Security Breach occurs that results in Licensee determining that its data is at risk with IDZOR TECHNOLOGIES, or (ii) there is a material breach of IDZOR TECHNOLOGIES's obligations under this section, Licensee may immediately terminate this Agreement, without penalty, by delivering written notice of termination effective as of the date specified in the notice.

11. NON-COMPETITION

The Licensee acknowledges that IDZOR TECHNOLOGIES's Confidential Information may provide insights into the Licensee's respective industry, and that access to such Confidential Information could unfairly benefit the Licensee if they were to engage in a competing business. Therefore, the Licensee agrees that, during the term of this Agreement and for a period of two (2) years following the Effective Date, the Licensee shall not engage in any business that is closely related to IDZOR TECHNOLOGIES's business.

12. INDEMNIFICATION

Each party (the "Indemnifying Party") agrees to indemnify and hold harmless the other party, including its employees, officers, directors, partners, and controlling persons, from and against any third-party claims arising out of or relating to:

13. DISCLAIMERS AND LIMITATION OF LIABILITY

Testing and quality assurance of the Software may not be completed, and as the Software is subject to change, IDZOR TECHNOLOGIES reserves the right to alter the Software at any time. Any reliance on the Software is at the Licensee's own risk. The provision of Software under this Agreement is experimental and shall not create any obligation for IDZOR TECHNOLOGIES to continue to develop, produce, support, repair, offer for sale, or in any other way continue to provide or develop Software, either to the Licensee or any other party.

The Software is provided "AS IS" and "AS AVAILABLE," WITHOUT ANY WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, TO THE LICENSEE OR ANY THIRD PARTY. THIS INCLUDES, BUT IS NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SYSTEM INTEGRATION, ACCURACY OF INFORMATIONAL CONTENT, NON-INFRINGEMENT, QUIET ENJOYMENT, OR TITLE. LICENSEE AGREES THAT ANY EFFORTS BY IDZOR TECHNOLOGIES TO MODIFY ITS GOODS OR SERVICES WILL NOT BE CONSIDERED A WAIVER OF THESE LIMITATIONS, AND THAT IDZOR TECHNOLOGIES'S WARRANTIES WILL NOT BE DEEMED TO HAVE FAILED OF THEIR ESSENTIAL PURPOSE. LICENSEE FURTHER AGREES THAT IDZOR TECHNOLOGIES SHALL NOT BE LIABLE FOR ANY LOSS OF PROFITS, LOSS OF USE, BUSINESS INTERRUPTION, OR ANY DIRECT, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND, WHETHER UNDER THIS AGREEMENT OR OTHERWISE, EVEN IF THE LICENSEE WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF IDZOR TECHNOLOGIES WAS GROSSLY NEGLIGENT. IN ANY CASE, IDZOR TECHNOLOGIES'S TOTAL LIABILITY SHALL BE LIMITED TO THE AMOUNT OF FIFTY UNITED STATES DOLLARS ($50.00 USD). Some jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, and therefore, some portion of the above limitation may not apply. In such jurisdictions, IDZOR TECHNOLOGIES's liability is limited to the greatest extent permitted by law.

14. TERM AND TERMINATION

This Agreement shall terminate upon the earlier of (i) the initial commercial release of the Software or (ii) upon written notice of termination from IDZOR TECHNOLOGIES. 15.3 Report to IDZOR TECHNOLOGIES
The Licensee acknowledges that the Software is in Beta version and that its use may result in bugs, errors, and other problems that could potentially cause failure of the Software or related hardware. The Licensee agrees to voluntarily report any bugs or errors identified in the Software to IDZOR TECHNOLOGIES. This reporting is voluntary, and failure to do so does not affect the Licensee's obligations under this Agreement.

15.4 Sanctions.
The Licensee agrees not to export, re-export, transfer, divert, or dispose of any Software, source code, or related technology provided by IDZOR TECHNOLOGIES under this Agreement to any person, entity, or destination prohibited by applicable laws and regulations, including those of the People's Republic of China, without obtaining prior authorization from the relevant authorities. This Agreement may not be amended or modified unless in writing and mutually agreed upon by both IDZOR TECHNOLOGIES and the Licensee. If any provision of this Agreement is found to be invalid or unenforceable, that provision shall be modified to conform with the minimum requirements of law. 15.9 Entire Agreement.
This Agreement supersedes all prior agreements, whether oral or written, between the parties concerning the matters addressed herein and contains all the covenants and agreements between the parties with respect to the subject matter.

15.10 Knowing Consent and Authority to Consent.
Both parties knowingly and expressly consent to the terms and conditions of this Agreement. Each party affirms that it is authorized to enter into this Agreement on behalf of its respective organization.

16. PRODUCT SUPPORT AND MAINTENANCE SERVICES
IDZOR TECHNOLOGIES is under no obligation to provide technical support under the terms of this Agreement and offers no assurance that any specific errors or discrepancies in the Software will be corrected.
